The funeral services of Mrs. James Austin were from Fort Hill church, conducted by the pastor, Rev. I. B. Manly. A large crowd of friends was in attendance.

The family of S. T. Middleton removed to St. Louis last week. Mr. M. will remain at Pilot Knob for a few weeks, when he too will take up his residence in the city.

We are very sorry to hear of the death of our old and true friend, S. J. Jordan, which occurred at his home near Des Arc last Friday. Mr. Jordan was a good man in every sense of the word. Peace to his ashes.

John T. Burks was elected mayor of Farmington, defeating John M. Karsch. The fight developed into a "wet" and "dry" one, and the "wets" were victorious by the small majority of 26 out of a total vote of 549.

One of the Hungarians who came here to look at some of the company land this week purchased Chas. Madlinger's farm, east of Pilot Knob. J. A. Kite, we are told, has also sold his place to one of the Hungarians.

We understand that the recent purchasers of the Iron Mountain property intend building a very fine club house at the dam in the near future and many other improvements are contemplated. A race track, it is said, will also be provided.

Mr. H. E. Blount, of this place, has bought of the heirs of the late W. A. Ryan the old home of the family in the north end of town, paying \$1,500 for the place. Mr. Blount will occupy the property himself as soon as he can get possession.—Potosi Journal.

The collections at Fort Hill and the brick chapel, for Easter will go on the missionary claims. It is hoped that all will contribute liberally to this free will offering. The pastor would like to request the members who cannot attend to send their contributions.

The Approved Summer School for teachers opens at the Springfield Normal June 5, and continues 54 days. Excursion rates on Frisco System. Teachers may make payments from wages next fall. The largest attendance in the history of the school is expected.

A special term of circuit court was held in Wayne county last week to try a number of men who had been indicted for violation of the local option law. All the cases, we understand, were thrown out of court on some technicality and the offenders allowed to go free.

D. N. Holladay, circuit clerk of Wayne county, was in Potosi on Thursday last. Mr. Holladay is a member of the State Democratic Committee of the 13th Congressional District, and is thinking of entering the race for Congress in this district in 1906.—Potosi Independent.

Our old friend Thos. Jackson, who for many years lived at Annapolis, is now located near Centerville in Reynolds county, where he is engaged in the saw mill business. Mr. Jackson has many friends in Iron county who wish him all kinds of success in his new home.

Ex-Judge E. M. Dearing, of Washington county, is at home since the legislature adjourned and returned with a record the people of his county are certainly proud of. The judge's friends may conclude to groom him for a congressional race at the next election.—Piedmont Banner.

The Secretary of the State Monday issued articles of incorporation to the Steel Hardware and Lumber Company of Bismarck; capital stock, \$5000; stockholders, Hugh Steel, Adrain Steel and Flora Steel. The corporation will conduct a general hardware and lumber business at Bismarck.

From M. M. Kelly, the lumber man, we understand that the Missouri Iron Company contemplates cutting the timber on all their land in this and Reynolds county. The company owns thousands of acres of good timber land and if they are going to cut it up it will provide work for many saw mills.

Some of our fruit growers are insisting that the very cold weather last winter did not hurt the peach trees at all and that the outlook now is good for a very large crop of peaches, provided they are not injured by frosts yet to come. The indications now are for a good yield of all kinds of fruit.

The Pilot Knob public school closed last Friday. Lee Barger, who was principal the past year, will not be an applicant for the position this year. A number of applications, it is understood, are in the hands of the board. Miss Nannie Brown will probably be again selected to preside over the primary department.

The spring opening of the Lopez Store company Tuesday of last week attracted the usual large crowd of visitors and was pronounced a complete success by all in attendance. The displays in the various departments were exquisite and were generally admired and praised. The Budweisers made music, and souvenirs were given to all the ladies.

It occurs to us that the county court might judiciously spend some money for furniture in the courthouse and repairing the interior of the building. A vault for valuable documents is also badly needed. The money could not be more advantageously expended, and if the funds are available, and we think they are, there should be no delay in making the improvements.

Last Thursday evening the Romeos gave the Julietts, of the Shakespearean Club, a most delightful surprise in the form of a banquet, served at the Arcadia Valley Sanitarium. All the members were present, and a most enjoyable time was spent by every one. When the time arrived for dispersing, the Julietts voted their entertainers the most delightful Romeos of modern times.

Representatives of one of the big lead companies in St. Francois county has secured options on several tracts of land on Marble Creek, this county, about 6 miles south of Ironton, and will prospect thereon with diamond drills in the hope of finding lead in paying quantities. All along Marble Creek there are splendid surface indications of lead and some prospecting may result in valuable finds. Among the names optioned are those of Bert Jones and Geo. J. Reeves. The drilling will begin, we understand, on Mr. Reeves' place in about two weeks. We hope rich finds may be made.

Frank Kinner, a saloon man of Elvins, St. Francois county, was arrested by Sheriff Polk of this county Friday of last week on the charge of committing an assault with intent to rape on Lulu Buckner, a girl under eighteen years of age, near Annapolis on March 8th last. Kinner was brought to Ironton and lodged in jail. He gave bond Monday for his appearance at Circuit Court and was released.

There are two important things for school clerks to attend to at once. The estimates of amounts necessary to the proper conduct of the school should be made out with care and delivered to the county clerk in due time. The enumeration of children of school age should be made with care. Both are important to the welfare of the school and to give accurate statistics. Let no mistakes be made.

DIED—At his residence in Graniteville, Mo., Friday, April 7, 1905, at 3:30 o'clock A. M., Mr. Joseph Kirehner, aged 46 years, 11 months and 29 days. The funeral occurred from the Graniteville Catholic church Sunday, and the remains were interred in the Middlebrook cemetery. Mr. Kirehner had been a resident of this county for many years and his bereaved widow has the sympathy of many friends in her sorrow.

The following is reproduced from the St. Louis World of Tuesday: "Among the most prominent members of the new federal grand jury just impaneled is Otto F. Stifel, the well-known brewer of this city, and Eli D. Ake, editor of the IRON COUNTY REGISTER, and known from one end of the State to the other as a fighting Democrat. This name was given Mr. Ake for his telling editorials, written during political campaigns."

At the annual meeting of the stockholders of the St. Francois County Railway Company held here Tuesday morning the following board of directors was elected: Wm. Trauernicht, of Middlebrook; A. J. Zwart, W. F. Doss, Joseph Zwart, S. J. Tetley, Peter Giesing and W. R. Lang, of Farmington. The board met Thursday afternoon and elected A. J. Zwart president and treasurer; C. H. Bosworth, vice-president and F. L. Tompkins, secretary.—St. Francois County Eagle.

As a result of the arbitrary action of the Farmington Telephone Company in raising the 'phone rates the first of April, nearly all of the business houses in the lead belt, from Boone Terre to Doe Run, have ordered their 'phones removed. Others, who have paid in advance, will do likewise when their times expire unless the matter is adjusted. Growing out of the controversy, a new telephone company is to be organized for the purpose of putting a complete system in the lead belt.—Lead Belt News.

Mrs. Lulu Gillam Woodside will have her Spring Millinery Opening Wednesday and Thursday, April 19th and 20th. Mrs. Woodside says that her stock this year is most complete in every line and she is certain that if the ladies will call and see her display she is confident that she can please them, and the prices are most reasonable. In addition to millinery Mrs. Woodside is carrying a large line of notions and ready-made skirts. Be sure and attend the opening Wednesday and Thursday of next week.

A delegation of ladies representing the Woman's Christian Home in St. Louis were here last week looking after a suitable place for a summer home in the Valley. A place is desired where shop girls and other working girls from the city can spend a portion of the summer in the country. We understand that the ladies were much pleased with the Grover residence and thought it would admirably suit their purposes. A proposition has been submitted to Mr. Grover and if arrangements can be made the home may be established this summer.

The Republican State Board of Equalization—the first with which Missouri has been blessed (?) in thirty years—has ordered an increase of ten per cent. in the assessment of all real estate in Iron county. We mention this so that the people will understand the reason for an increase in taxes this year. It is true that the board ordered a decrease of ten per cent. in the assessment of mules and horses but this decrease in the assessment of personal property will not in any way come near to equalizing the increased tax occasioned by raising the assessment of real property.

I wish to announce to my friends and patrons that I now have a full and complete line of spring goods, including Ladies' Ready Made Waists and Skirts, Underclothing, Fancy Dress Goods and Waistings. Everything new and nobby in Notions, Jewelry, Laces, etc. Also an up-to-date line of Millinery, which will be ready for inspection Wednesday, April 19th. This department will be under the charge of Miss Ethel Hale, who will be glad to greet all her former patrons, and promises to show them a splendid assortment of Street Hats, Dress Hats, Infants' Caps and Bonnets, Veils, Ribbons, and in fact everything that goes to make up a first-class stock of Millinery Goods. All kinds of produce taken in exchange and highest prices paid. R. E. JOHNSTON, Bellevue, Mo.

P. W. Wright, Traveling Passenger Agent of the Missouri Pacific and Iron Mountain routes, was a pleasant caller at the News office Wednesday. He gave us the very agreeable information that the Iron Mountain road contemplates putting another passenger train on the Belmont branch at an early date. It is quite likely that the schedule will be arranged for a train leaving Charleston about 4 o'clock in the

morning, passing Delassus at about 7:30 and reaching St. Louis about 11. On the return trip it will leave St. Louis about 8 o'clock in the evening and will reach Delassus about 11:30. He also thought that the Pacific Express Company would open an office at Farmington soon. We told Mr. Wright we were glad to have met him, wished he had come several years ago and hoped he would come with his extra train real soon, which he thought the would do about May.—Farmington News.

Death of Mrs. McFarland.

Mrs. J. H. McFarland died at the family home on the east side of town Friday morning about half past seven o'clock, after an illness lasting a period of two years or more. Last year she was taken to the home of her father in St. Louis for treatment by eminent specialists in the hope that she might regain her health, but all efforts of the doctors there appeared to fail to do her much good, hence she was brought back here, where she improved slightly for a time, under the care of our local physicians, but the ravages of disease had gotten such a hold on her system, that no medical aid could stay the hand of death which slowly but surely, crept over her. She was a woman who was beloved by every person of her acquaintance; she was a consistent Christian, a model wife and mother, and a splendid neighbor. Her death created a feeling of sadness throughout the city. The funeral services were conducted at the Presbyterian church Saturday morning by Rev. John G. Varner, and the interment took place at the Masonic cemetery. She leaves a husband, one small son, and a sister, Mrs. O. M. Tabb, here, a brother in Fort Worth and numerous relatives in St. Louis to mourn her death.—Mount Pleasant (Tex.) Times Review.

From Des Arc.

I want to say, in regard to the article in another paper written by "Pith and Pit," that there was no slur intended for Miss Nell Hourhan in the communication to the REGISTER written by "You and I," for the work was not solely of Miss Nell Hourhan, for as "You and I" were pupils of Mr. Far-

quhar's room we know who trained us for our part of the entertainment for his pupils; not only us, but the other pupils also. We feel it our duty to do justice by our teacher, Mr. Farquhar, who stood by us to the last. We did not intend any injustice to Miss Nell, but left her part of the program for "Point and Pit," as we knew her boarding mistress would want something to write. We will join in heartily to employ the same teachers next year. People ought not to kick before they are spurred; especially through the columns of our newspapers. YOU AND I.
